Dear Mr. Larkin:

I refer to your letter of 7 January 1949, informing us of your success in persuading the local government of Cyprus to amend its Corporate Bodies Laws so as to permit the United States to own property on Cyprus. I have been informed by the CIA representative who was in charge of our property on Cyprus that the original Certificates of Registration [redacted], and [redacted] covering the property acquired by CIA on Cyprus, are on file with the Land Registration and Survey Office, Kyrenia, Cyprus.
